**Subject:** Final agenda and materials: New England States' Visit to EPA ORD's Atlantic Ecology Division (June 19)  
**Attachments:** Agenda\_June 19 (final).docx; Attendee list\_AED (final).docx; AED Logistics.pdf; Panera\_AED boxed lunches.pdf  
**Importance:** High

Good afternoon,

We are looking forward to the New England states' visit to EPA Office of Research and Development's (ORD) Atlantic Ecology Division (AED), Tuesday, June 19. We are very glad that you'll have the opportunity to tour the laboratory and learn more about EPA ORD science and technical capabilities, and meet to identify how we can better collaborate on solving complex environmental issues. The meeting will include presentations and discussion focused on topics of interest to New England states such as nutrients, algal blooms, PFAS, coastal resilience as well as an overview of EPA's CompTox Chemistry Dashboard. Many of you have let us know also that you will be able to participate in the Nutrients Meeting at Woods Hole the day prior, June 18, and if you have not already done so, please RSVP to [Amy Scheuer](#) and me if you will be able to join for the group dinner at the Coast Guard House restaurant, June 18 at 6:45 PM (seating limited).

To help you prepare for the event, attached please find the final meeting agenda, attendee list, logistics sheet and lunch menu.

Hard copies of the materials will be available at the meeting. Attire is business casual (no jackets required); closed-toe shoes are required for the lab tour. We will plan to meet in the hotel lobby Tuesday at 7:50 AM to drive to the lab for those needing to coordinate transportation. We will be ordering boxed lunches from Panera, and lunch money will be collected that morning (exact change is appreciated).

Again, we are very much looking forward to your visit to AED, and please let me (202-577-4035 cell) know if you have any questions or need additional information.

Best regards,  
Lisa
